## VI.- INTERMEDI ATE MANAGEMENT REPORT

## CONSOLI DATED RESULTS

The consolidated accumulative results for the first half of 2018 are stated in accordance with International Financial Reporting Standards (IFRS), as adopted by the European Union, and the results of the individual companies have been prepared in accordance with the General Accounting Plan approved by the Royal Decree $1514 / 2007$ of $16^{\text {th }}$ November. In both cases the results are compared to those of the same period of the previous year.

The main figures are summarized as follows and compared with the previous year was:

| Thousand euros | $1^{\text {st }}$ Half | $1^{\text {st }}$ Half | Variation |
| :---: | :---: | :---: | :---: |
|  | $\underline{2018}$ | $\underline{2017}$ | \% |
| Sales | 125,830 | 122,720 | 2.5 |
| EBITDA | 33,306 | 32,279 | 3.2 |
| Operating Profit ${ }^{1}$ | 25,294 | 24,531 | 3.1 |
| Profit before tax | 25,896 | 25,345 | 2.2 |
| Profit after tax | 19,812 | 19,494 | 1.6 |
| Cash-flow after tax ${ }^{2}$ | 27,824 | 27,242 | 2.1 |

The net turnover consolidated for the first half of the year amounted to EUR 125.8 million, representing an increase EUR 3.1 million to the same period last year.

By business lines, the line of products for the Tobacco Industry increases its sales by $0.6 \%$. This increase, which has taken place in a period of devaluation against the euro of the US dollar and especially the Argentine peso, is mainly explained by the product mix

In the line of Industrial Products sales increased by EUR 3.2 million, which represents an increase of more than $9.0 \%$ over the same period of previous year, mainly due to the growth of sales of special pulps of Terranova.

The line of "Others", due to its usual condition of adjustment factor of the other lines, has been placed below the turnover of the previous period

The Parent Company's sales in the semester amounted EUR 84.7 million, representing an increase of $1.3 \%$ compared to the first half of the previous year. This increase is mainly due to the better product mix

The Profit before taxes consolidated reached EUR 25.9 million, in the first half, exceeding by EUR 0.6 million the results obtained in the same period of 2017, which represents a growth of 2.2\%.

The increase experienced is driven by the improvement of the results in the Tobacco Industry Line, favoured by a better mix and the entry into operation of the investments made in 2017, which has made it possible to compensate the sharp increase experienced by the price of the pulp and energies. In the case of the Industrial Products line, said increases in the prices of the main cost components have been offset by the increase in sales volume.

Furthermore, profit after tax totalled EUR 19.8 million, a result $1.6 \%$ higher than that obtained in the same period of the previous year.

The effective tax rate estimated for the period has been of the order of $23.5 \%$, somewhat higher than that of the first half of the previous year due to the lower amount to be deducted due to the application of the current tax advantages.

The parent company has obtained until the month of June a result before tax to EUR 23.1 million, until the month of June, reaching an increase of $0.8 \%$ with respect to the same period of the previous year, which is explained by the increase in the operating result

## CONSOLI DATED BALANCE SHEET

Consolidated balance sheet is stated in accordance with the current International Financial Reporting Standards in force.

The main figures compared to the previous financial year as follows:

| Thousand euros | Lune 2018 |  | December 2017 |
| :--- | ---: | ---: | ---: |
|  |  |  |  |
| Net fix assets ${ }^{3}$ | 146,860 |  | 147,008 |
| Working capital requirement $^{4}$ | 75,352 |  | 65,150 |
| Other Net Assets/Liabilities | $(2,556)$ | $(2,594)$ |  |
| Capital employed | 219,656 | 209,564 |  |
| Equity | 264,937 | 254,184 |  |
| Net financial debt ${ }^{5}$ | $(45,281)$ | $(44,620)$ |  |

The variation of the Working Capital Requirement has been mainly due to the increase in the stock item, while the commercial items have been compensated among them.

## MAI N RI SKS AND OPPORTUNI TI ES

The international field in which the society is operating and most of the companies in the group makes that are exposed foreign exchange risk. The effects of exchange rates of fluctuations from their business operations are to some extent cushioned by the outgoing monetary flows generated by imports. In addition to that, as the group is a net exporter in aggregate terms, it mitigates the risks of fluctuation through the recruitment of financial hedging instruments.

At the same time, the Group's activity is carried out in very diverse markets that expose it to risks originating from commercial credit. For its control and, if necessary, minimization, the Group has established and observes a strict internal credit policy and, in addition, protects its debts with credit insurance contracts.

The Group, being petitioner energy sources, mainly electricity and gas, is affected by the volatility of commodity prices. For reduction, spends a significant portion of their investments to technologies to improve production yields and reduce energy consumption, in addition to ensure effective management of these resources.

The parent company and the majority of its subsidiaries have a solid balance sheet structure that provides them with strength and funding capacity of future operations. When it is considered that there is objective evidence that the value of a financial asset is appropriate to be adjusted, the correction is made to values based on the estimates and judgments arising from the information produced by independent third parties.

The continuous effort in research, development and innovation, essential in a global market and competitive, allows the group to have last generation technology, in many cases exclusive, maintaining and increasing the productivity and the production of its range of products as well as getting new ones that can satisfy the highest demands of quality and enabling it to be consistent and to lay the foundations for the growing needs in the future.

The Parent Company and the Group maintain litigation and litigation in the normal course of business. The most outstanding changes since the last published information have occurred in the process of the lawsuit filed by the parent company against the previous commercial distributor in Italy, in which the most relevant event is, once the Preliminary Hearing took place, the signalling of date for the holding of oral trial in the last quarter of this year. The Directors, in accordance with their advisers, continue to maintain that, in accordance with current accounting
regulations, the Parent company should not record any amount in its consolidated financial statements.

## SUBSEQUENT EVENTS

On July 25, 2018, the Group has acquired all the shares of the Spanish company Clariana, S.A., leading manufacturer of colored papers in Spain and, among others, of papers with special treatments. Its markets range from consumers of products for luxury packaging to those of laid-down printing and security printing papers and papers with special treatments resistant to humidity and fats that meet the demands of the food sector. It allocates more than $60 \%$ of its sales to foreign markets, located in more than 60 countries on 5 continents. The operation was carried out through the parent company Miquel y Costas \& Miquel, S.A. and its affiliate Payá Miralles.

On the other hand, it is worth mentioning the significant growth of inflation in Argentina, especially in the second quarter of the current year, which presents a cumulative rate in the last three years of around 100\%. For this reason, the Group will examine the appropriateness of applying IAS 29, making, if necessary, the precise adjustments in the financial information of its Argentine subsidiary whose functional currency is the Argentine peso.

There have been no significant additional events since the date of issuance of this Report.

## PROSPECTS

The Group considers that the volatility and uncertainty conditions in the markets have continued to grow, adding risks in international trade and in the evolution of emerging economies which, together with the continued increase in the price of raw materials and energy, complicate the general economic situation and unfavorably influence the development of the business.

However, the Group expects a more moderate growth in results, which it estimates will surpass those of the previous year.

Regarding the recent acquisition of Clariana S.A., the Group expects that the magnitude of the operation will not affect the result of the current year and that it will begin to bear fruit in 2019.
